Our story

A festival of colour, since 2014

Since 2014, the Rangvarsha Art Competition has been nurturing creativity and artistic talent among students across Maharashtra. What began as a love for colour has grown into a national movement: thousands of young artists, hundreds of schools and countless proud parents who have watched a shy child hold up a certificate with a beaming smile. In 2027-28 we open our canvas wider still, inviting students across India and beyond, so that every child, in every town, has a stage for their imagination.

Why join Rangvarsha? *Six gifts for every child*

1. **A national stage.** Showcase creativity alongside young artists from across the country.
2. **Recognition.** Certificates, medals, trophies and national awards for students, teachers and schools.
3. **Confidence.** Every child grows by stepping out of their comfort zone.
4. **Community.** Families, teachers and friends celebrate art together.
5. **Growth.** Art builds observation, critical thinking and patience.
6. **Purpose.** Every entry supports a greener planet.

2027–28

The complete Rangvarsha experience: eighteen competitions from the classic Colouring and Handwriting to Warli Folk Art, Mandala, Clay Modelling, Digital Art and the Parent–Child Canvas; seven programmes that bring parents, teachers and the community into the celebration; and eight national awards honouring schools, principals, teachers, coordinators and families.

Special moments *from our schools*

Save Water, Save Trees: our social initiative

At Rangvarsha Trust we use art for a cause. A part of the competition proceeds supports tree plantation and water conservation, helping build a greener, healthier planet for the very children who paint it.

Every stroke supports a sustainable future.

Themes

Poster & Slogan Making: Save Water, Save Life | Say No to Plastic | Clean India, Green India | Stop Child Labour.
Handwriting: words for Primary I; the paragraph “Ajanta Caves” for Grades 1 – 12.

Beyond the paper

Programmes for parents, teachers & community

Rangvarsha is more than a competition. Seven programmes invite the whole school family to paint, plant, learn and celebrate together.

Rangvarsha Art Gala

Parents • Community

A school-level exhibition day where every participant's work is displayed and families walk the gallery with their young artists.

Live Art Marathon

Students • Parents

One open-air hour of painting together on "Save Water, Save Trees", with music and a shared giant canvas.

One Artist, One Tree

Students • Families

Every participant plants or adopts a sapling and receives a green-pledge certificate.

Teachers' Palette

Teachers

An art challenge for teachers, because the people who nurture creativity deserve a canvas too.

Masterclass Series

Students • Art Teachers

Online sessions with practising artists on sketching, colour, folk art and digital art.

Virtual Gallery

Everyone

Selected entries showcased online, so grandparents and friends anywhere can admire them.

Art for a Cause

Parents • Stakeholders

A charity exhibition-sale (with parents' consent); proceeds support tree plantation and water conservation.

Bring your family

Parents paint, plant, volunteer and celebrate alongside their children, because creativity grows best when it is shared at home.

"Art is not a subject a child learns.
It is a way a child learns to see the world."
